## SOCCER

Methuen was unable to break Andover's long list of victories, but succeeded in scoring two goals, something no other team had been able to do for five weeks. Saturday's victory was the twelfth straight for Andover and the locals hope to keep up the good work. The scores of the last five games are:

Andover 3.	Light Blues 0
Andover 5.	Buntings 0
Andover 5.	Haverhill 0
Andover 3.	So. Lawrence 0
Andover 5.	Methuen 2

## Andover 5, Methuen 2

These old rivals met in the return league game Saturday afternoon on the cricket field, but the visitors were hopelessly outclassed and failed to show any of the football that won for them the Telegram Cup in the first year of the competition. They were completely outclassed by the locals and never had a chance to win. One of their goals was scored from a penalty against Rae, which in reality was no penalty for the ball was kicked against Rae's arm by one of the Methuen players. The referee penalized Andover and MacDonald scored the first goal against Andover since October 18. The same player was also credited with the second goal for his side.

Page scored the first goal for Andover after three minutes' play, on a pass forward by Downs. Gordon scored the second with a stinger which beat Muir completely, after twenty minutes of play. Page beat two backs and sent in an unsavable shot for the third goal. From a scrimmage in front of goal, Cairnie put the ball through, the fourth goal in thirty minutes of play. Half time: Andover 4, Methuen 0.

On resuming, Doherty and Holt had many good tussles which pleased the spectators. Page was in good position several times when McCluskey handled him rather roughly, the referee finally awarding a penalty and from the free kick Rae scored the fifth goal easily.

Methuen scored twice, as stated above, Andover winning 5 goals to 2.

The teams:  
Andover—Munroe; Rae and Jackson; Colman, Downs and Smith; Deyermund, Cairnie, Page, Doherty and Gordon.

Methuen—Muir; Clark and McCluskey; Lamb, Holt, and LePage; Hoyle, Pendlebury, Berube, Wyld, and McDonald.

Referee, Mr. Tuson of Lawrence.

## Other Games

Beverly 4, Lawrence 2.  
Blues 1, So. Lawrence 1.  
Olympics 3, Buntings 2.  
Clans 5, Haverhill 4.

After the game last Saturday, in the club house, William Deyermund, the popular outside right of the United, was presented with a handsome silver four-piece tea set by the players and members of the Andover United football club, the occasion being his coming marriage. Captain Page made the presentation and Mr. Deyermund responded in his quiet, sincere way, afterwards receiving the congratulations of his many friends gathered there.

## Public Winter Meeting

The Massachusetts State Board of Agriculture will hold its annual public winter meeting for lectures and discussions in the Municipal Building, Springfield, Mass., on Tuesday, Wednesday and Thursday, December 2, 3, and 4, 1913.

Added interest is given the meeting this year by the co-operation of the Hampden County Improvement League, the Massachusetts Dairy-men's Association, the Massachusetts Milk Inspectors' Association and the New England Alfalfa Growers' Association, and by the simultaneous holding in the same building of a corn show, a milk, cream and butter show, an exhibit of dairy appliances, a boys' and girls' garden and agricultural state exhibit, an exhibit of winning sediment test cottons, names of winners and ribbons awarded in the clean milk contest and an exhibit of names of winners and ribbons awarded in the contest among dairies best protected from flies.

Speakers in the fore-front of agricultural thought and progress have been secured to address the various sessions. Tuesday will be devoted to lectures on, and discussions of, poultry feeds and feeding, some factors and figures of the good seed question, present systems of milk control in the United States, milk inspection and apples.

The subjects for the second day are: farm management, dairying, boys' and girls' club work, home improvement, and rural credit, banking and agricultural cooperation in Europe. On the morning of December 4, the New England Alfalfa Growers' Association will hold its first annual meeting. Joseph Wing of Mechanicsburg, Ohio, will address the association, and others interested, on "Alfalfa Growing." In the afternoon there will be a boys' stock-judging contest at a Mitineague farm.

The complete program may be had from Wilfred Wheeler, Secretary, State Board of Agriculture, 136 State House, Boston, Mass.

## Death of Former Resident

Word has been received of the death of James M. Cameron, a former resident of Andover. He passed away in Dundee, Scotland, as a result of pneumonia.

Mr. Cameron for some time made his home here, being for more than fifteen years in the employ of the Tye Rubber Company.

He is survived by his wife, Ellen, three children, and one brother, Robert, of Allston.

## Lawrence Choral Concerts

The Lawrence Choral society announces its concerts for the season, the first of which will be given in the Opera House, Monday evening, December 29th, when the ever popular oratorio, the "Messiah," will be given for the third time by the society. This oratorio always appeals to music lovers because of its association with Christmas and for this performance only the portions touching on Christ's birth and life will be sung. The whole of the Easter portion will be omitted. Two choruses, "Surely He hath borne our grief" and "Let us break their bonds," will be sung for the first time in Lawrence. Mr. Hood, the conductor, has ideas of his own in regard to the rendition of this work and according to these ideas gives as a finale "Worthy is the Lamb" and "The Hallelujah Chorus," a most effective ending to this great oratorio. The soloists for this concert will be Mme. Calvert (soprano), Miss Griggs (contralto), Mr. Hincks (tenor), and Mr. Flint (bass), and the accompaniments will be played by the Boston Festival orchestra, John W. Crowley, leader.

For the second concert the society has begun rehearsals on the opera "Faust," to be given in concert form May 13. The confidence of Mr. Hood in his chorus has led him to believe that this concert will be the greatest musical event ever held in Lawrence. It will require untiring and faithful rehearsals but under the efficient leadership of Mr. Hood the society expects to score another triumph.

Of the soloists secured a Nashua paper says:

"Miss Hazel Milliken, one of Nashua's gifted and rising young sopranos, has been engaged to sing the soprano solos in the part of Marguerite, in the renowned 'Faust' with the Lawrence Choral society at their May festival, which is to be held May 13.

"Miss Milliken has already gained recognition in musical circles. She made her debut this past summer, when she sang in two concerts at the Peterborough Festival and was given favorable comment by musical critics.

"Associated with her in the Lawrence Festival will be the well known artists, Miss Margaret Dunlap and Daniel Beddoe of New York City and Willard Flint of Boston, Mass."

Tickets for the Messiah concert are now on sale at 50 cents, 75 cents, and \$1.00. The 75 cents and \$1.00 tickets are exchangeable for reserved seats. The date of exchanging will be announced later.

## WEST PARISH

Mr. and Mrs. David Black and Charles Carleton of Malden spent Sunday with Mr. and Mrs. J. C. Cunningham.

Mrs. Frank Hill of Cliftondale is spending several days at the home of her parents, Mr. and Mrs. E. W. Burt.

## Grange News

The regular meeting of Andover Grange was held in the hall on Tuesday evening. After the regular business meeting the literary program was left in charge of Mrs. G. M. Carter and Mrs. W. B. Corliss, who had arranged the following program:

Hymn, Andover Grange; address, "Thanksgiving a Good Thing," Rev. Newman Matthews of the West church; music, Grange quartet; address, "Thanks-living, Better," Rev. W. L. Nichols of the Unitarian church, North Andover.

After the entertainment light refreshments, appropriate to the season, were served by the hostesses.

The next regular meeting of the Grange will be held Tuesday evening, December 2, as the State Grange meets in Boston the following week. As it is election of officers, it is hoped a large number of the members will be present.

## Entertainment in Punched Hall

A very pleasing entertainment was given in Punched hall on Wednesday afternoon when the pupils of the first, second and third grades in the Samuel C. Jackson and John Dove schools took part in several dramatizations. The children without exception acquitted themselves very creditably and the affair was much enjoyed by the parents and friends present.

The program included the following:

Song, "Over the River," Grades II, III, Miss Hobbs. Dramatizations, "The Little Red Hen," Grade I, Miss Prevost; "Mr. Wind and the Leaves," Grade I, Miss Duval; "The Ant and the Mouse," Grade III, Miss Hoyt. Song, "Thanksgiving Day," Grades III, IV, Miss Hoyt. Dramatizations, "The Lambkin," Grade II, Miss Abbott; "The Mouse Who Was Afraid," Grade II, Miss Hobbs; "Cat, Cat, and Mouse, Mouse," Grade III, Miss Chase; "How the Linden Came to Be," Grade III, Miss Hobbs. Song, "Thanksgiving," Grade V, Miss Simmons.

**WHITE HOUSE BRIDE MARRIED**

Miss Jessie Wilson Becomes  
Mrs. Francis B. Sayre

## WED IN HISTORIC EAST ROOM

Diplomatic Corps in Full Dress Added Glittering Touch to What Was Planned to Be Quiet Affair, More Personal Than Official—Full Rehearsal Held Last Night

Miss Jessie Wilson and Francis B. Sayre were married at the White House after a courtship of two years. When the engagement was announced, the country took the liveliest interest in the match.

FRANCIS B. SAYRE AND BRIDE

The news that the members of the diplomatic corps had decided at the last minute to wear their resplendent uniforms heightened interest in the event, which is as brilliant a function as has ever taken place at the White House.

While Miss Wilson is the thirteenth bride going forth from the White House, her marriage is only the fifth in which the bride was a president's daughter. The company witnessing the wedding is not as large as that assembled at the marriage of Miss Alice Roosevelt and Nicholas Longworth, for the president and his wife desired to limit an official company to about 400 guests.

Invitations to the wedding were in a style of simple elegance, engraved on ivory tinted heavy paper, double fold, about nine by ten inches, with the United States coat of arms embossed heavily in white at the top. They read in modest script:

"The President and Mrs. Wilson request the pleasure of the presence of—(blank line for the name of guest written skillfully with a pen to match the engraving exactly), at the marriage of their daughter, Jessie Woodrow, to Mr. Francis Bowes Sayre, on Tuesday, November the Twenty-fifth, Nineteen Hundred and Thirteen, at half after 4 o'clock at the White House, Washington, D. C."

The wedding gown was made in New York and is of soft ivory tinted satin with much rare old lace. The lingerie portions of the trousseau were all handmade and of the daintiest and most delicate construction and materials. It had been planned that simplicity was to be the keynote of the whole affair and that while the wedding company was to be large it was to be more personal than official.

The wedding occurred in the historic East room of the White House. A full dress rehearsal occurred the evening previous to the wedding, at which all the plans were carefully gone over.

## PORTLAND STRIKE OVER

Longshoremen's Troubles Settled by Local Board of Trade

An agreement was reached between the committees who have been arbitrating the differences between the longshoremen and steamship agents at Portland, Me., respecting wages and the strike will be declared off.

The men will receive 33 cents an hour for day work on all freight except coal, for which they will be paid 35 cents. They have been receiving 33 cents and asked for 35 cents all around.

The strike was settled through the intervention of the board of trade.

Bank Official Admits Theft  
M. L. Woods, for twenty years active vice president of the State National bank of Fort Worth, Tex., pleaded guilty to misappropriating \$165,000 of the institution's funds.

President Finley Dies Suddenly  
W. W. Finley, president of the Southern Railway system, died suddenly at Washington. He was stricken with paralysis and sank fast.

**DEMAND FOR PROBE OF GOLD STORAGE**

Congress May Look Into Holding Over of old Stuffs

A demand will be made on the house committee on interstate and foreign commerce for an immediate investigation of the gold storage trust and the alleged corner of the egg market as soon as the regular session is convened.

Representative McKellar of Tennessee announced he would ask the chairman of the committee to set a date for beginning hearings on his bill. The McKellar bill bars from interstate commerce all eggs and other food stuffs which have been in cold storage for more than ninety days.

## ARMY FLIES KILLED

Ellington and Kelley Plunge to Death Near San Diego

Lieutenants Ellington and Kelley, army aviation corps, were killed in a fall of about eighty feet in an aeroplane. The accident occurred across the bay from San Diego, Cal., on the grounds of the army school on North Island.

The deaths make a total of fifteen fatalities from aviation in the government service, twelve in the army and one in the navy, and two army instructors who were civilians, since experiments first began at Fort Meyer in 1908. Seven have met death this year. In aviation accidents of all kinds the world over, 368 persons have been killed since 1908, this year's numbering 197.

Both aviators were single. Ellington was detailed to the aviation service in 1912, and has seen service on aviation fields at Marblehead, Mass., College Park, Md., Palm Beach, Fla., and Texas City.

## DEATH HALTS PROBE

Commissioner Marble Dies Suddenly of Acute Indigestion

John H. Marble, a member of the interstate commerce commission, died at Washington, following an attack of acute indigestion by which he was stricken in Philadelphia.

Commissioner Marble was seized with an acute attack of indigestion Wednesday and was unable to leave his bed. Consequently the interstate commerce commission's investigation into the rates and practices of the anthracite coal carrying railroads which he was conducting in Philadelphia, was adjourned indefinitely.

At first it was believed Marble's illness was only of a temporary nature and that he would be on his feet again in a few days. The expected improvement did not come, however, and the commissioner returned to Washington.

## NO NEW YEAR'S RECEPTION

President Announces His Decision to Take a Vacation

There will be no New Year's reception at the White House. President Wilson announced that during the holiday recess of congress he would take an ten-day vacation. Exactly when or where he will go was not announced, and probably will not be until his departure.

The White House New Year's reception is a historic institution in Washington, beside being one of the milestones in the capital's social season. It has been the custom for the president to receive congressmen, army and navy officers, the diplomatic corps and all official Washington according to rank and then shake hands with citizens. More than 5000 have shaken hands with the president on such occasions. The reception is always followed by rounds of official calls.

## Another "Hopeless Case"

He Antagonized the Doctors—Recovered Without Operation—Used Dr. Kennedy's Favorite Remedy.

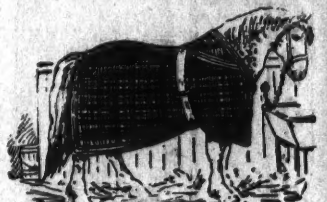

Mr. James Lettice, of Canajoharie, N.Y., writes:  
"Some years ago I was attacked with fearful pains in my back and side. I could not control my kidneys at all, and what came from them was mucous and blood. I was in a terrible state and suffered intensely. A prominent physician of Albany, N.Y., decided that an operation was all that would save me. I dreaded that and commenced to take Dr. David Kennedy's Favorite Remedy. I felt better almost immediately. When I had taken about two bottles, the flow from the bladder was much decreased, the pain stopped, I was saved from the surgeon's knife and am now well."

The above letter was written in 1900. To prove that the benefit he obtained from Dr. Kennedy's Favorite Remedy was permanent, read what he says in a recent letter (in 1912):

"In enjoying the best of health, Dr. Kennedy's Favorite Remedy cured me permanently. I have answered many letters asking about it. I shall keep on praising it."

Dr. Kennedy's Favorite Remedy has had nearly 40 years of great success in kidney, liver and blood disorders. Not a "patent" medicine, but a physician's prescription, prepared for universal use. Write today to Dr. David Kennedy Co., Rondout, N.Y., for a free trial bottle and booklet of valuable medical advice. Large bottles sold by 40,000 druggists.

## GREAT BATTLE IN PROGRESS

Easily Seen and Heard North of the Rio Grande

## REBELS GAIN AN ADVANTAGE

Salazar and Forty of His Federal Followers Reported Shot After Having Retreated Under Artillery Cover, With Rebel Cavalry in Close Pursuit—Villa Orders Executions

Although the issue of the great battle being fought south of Juarez, Mex., has not been settled, fighting of a desperate character continues and all the advantage seems to be with the rebel forces under General Villa.

General Salazar, one of the four federal leaders who united to recapture Juarez, is reported to have been shot to death. Forty members of his command were taken before General Villa and ordered executed. They were lined up and shot, according to a wounded officer brought to Juarez. General Talamantis, commander of the Sonora troops fighting with Villa, was killed.

The battle centre has shifted from Villa's personal headquarters at Tierra Blanca to a point near Zaragosa, southeast of the Juarez racetrack. General Salazar for hours was compelled to fight a superior force to prevent annihilation. Only the timely arrival of reinforcements saved him.

As soon as Villa ordered a renewal of the battle after a lull of several hours, the reserves he had rushed to Zaragosa to aid in the attack on Salazar opened fire. Salazar's position was desperate in the extreme. His 2000 men were almost completely surrounded, with his ammunition running low and his troops almost exhausted.

For more than an hour the rebels continued their attack, slowly tightening the cordon about Salazar. When federal reinforcements appeared at Zaragosa from the south, numbering 1500, four big guns were trained upon the rebels, giving Salazar a chance to reorganize his forces and arrange an orderly retreat, covered by the artillery.

An hour later the federal reinforcements were attacked on the flank by 500 rebel cavalry, which appeared from the direction of Ojinaga, on the east. These quickly silenced the federal artillery, which made a hasty retreat. Salazar continued his retreat southward, fighting as he went, rebel cavalry pursuing.

Fighting continues in the vicinity of Zaragosa, being easily seen and heard from El Paso. It is apparent the federalists are retreating slowly, but whether they are maneuvering for a new position cannot be determined. Meanwhile fighting has continued in the direction of Tierra Blanca and Las Mesas and Baucha. All reports indicate that it has been desperate in character at every point.

## PLUNGES INTO LAKE

Rock Causes Engine to Leave Rails and Carries Fireman to Death

A rock on the track caused the locomotive of Canadian Pacific train No. 1 to plunge into Lake Superior, near Herons Bay, Ont.

The accident occurred near Coldwell, 175 miles east of Fort William, at a point where the road skirts Lake Superior on a high ledge above the water.

The locomotive plunged into the lake carrying P. O'Connor of Schreiber, Ont., the fireman, to his death. The engineer escaped by jumping from the window of his cab. Baggage cars, club and dining cars and the heavily-loaded parlor cars remained at the top of the grade.

The train was bound from Montreal for Vancouver.

## OPIUM IN PORTLAND

Inspectors Claim Maine Store Was New England Headquarters

Wing Chin Tang, a Chinese grocer, was arrested at Portland, Me., by inspectors from Boston, charged with the manufacture and sale of opium. The inspectors charge that the prisoner's store has been headquarters of opium distributing trade in New England.

The raid was made by Custom inspectors McKenna and Finnegan, who say they not only found the drug in actual process of manufacture, but seized also a quantity of opium, which they estimate to be worth \$3000 or \$4000.

## HEARS PARIS CLOCK

United States Naval Observatory Gets Radio Signals From Eiffel Tower

Three weeks of patient experimentation culminated in success when the United States naval observatory at Washington heard the beats of the Paris observatory clock, as transmitted by radio signals from the Eiffel tower to the great navy radio station at Arlington.

The "beats" were compared with those of the Washington clock for some minutes by the method of "coincidences."

## SUFFRAGIST PAYS ONE DOLLAR FINE

Lucy Burns Tried For Violating City Ordinance

Miss Lucy Burns, first militant suffragist, paid a fine of \$1 in police court for chalking the White House sidewalks with "votes for women."

The judge proposed to release Miss Burns on her personal bond not to repeat the offense, which is a violation of a city ordinance.

"I want this thing settled and over with," said Miss Burns; so the court made it a dollar, and she left the courtroom.

## EXECUTION IS STAYED

Wakefield Case to Go Before Connecticut Supreme Court

The life of Mrs. Beattie J. Wakefield will likely be spared for at least a year beyond the original date set for her execution at Wethersfield, Conn., March 4 next.

This became apparent when it was learned that Thomas F. Devine, her counsel, had about completed the appeal from the death sentence imposed upon her Nov. 4. The appeal, the cost of which will be borne by the state, resulted because of the tremendous public and private interest in the case.

Unless present plans are upset Mrs. Wakefield will seek to have the sentence of death set aside by the supreme court of Connecticut and a retrial ordered.

The supreme court cannot possibly decide the case until six months or perhaps a year. In the meantime, Mrs. Wakefield's execution will be automatically stayed.

## ELECTRIC WORKS CLOSED

Sixteen Thousand Employees Walk Out of Schenectady Shops

The shops of the General Electric company at Schenectady, N. Y., were completely closed down following the calling of a strike of the employees. Pickets were placed about the shops by the strike leaders.

The grievance committee representing the 16,000 members of the allied unions conferred with General Manager Emmons and other officials, but the conference broke up without any agreement being reached. It was then that the leaders decided pickets should be posted.

There was no disturbance among the striking employees. Neither Frank Dufay nor Mabel Leslie, the two union leaders whose dismissal caused the walkout, was in evidence. Included in the 16,000 workers out are 1500 girls.

## KILLED IN AUTO UPSET

Mrs. Leavitt of East Tilton, N. H., Has Skull Fractured in Accident

Mrs. Lizzie Leavitt was instantly killed and two persons were injured when an automobile owned and operated by Harry Bennett of East Tilton, bound for Saugus, Mass., after grazing a telegraph pole in Franklin, N. H., upset.

Mrs. Leavitt, who was Bennett's mother-in-law and 65 years old, struck on the back of her head as she was hurled from the machine and was instantly killed. Her skull was fractured by the impact.

## SOLID COMFORT ON SHIPS

Reception and Reading Room For Jackies and Their Guests

Secretary Daniels approved provisions for a reception and reading room for enlisted men on the new battleship New York.

"This provision for the crew and their guests," said Daniels, "is a new departure in warship design and has been inaugurated to increase the comfort of the crew and add to the attractiveness of the ship for the enlisted men and their visitors when in port. Similar changes probably will be inaugurated on other vessels in the near future."

## SLAVERS ACCUSED BY SCHOOL TEACHER

Says She Was Lured From Her Home and Drugged

Harry R. Keene employed as a grocery clerk, and Miss Lois Piper, daughter of former Vice Chairman Piper of the state Democratic committee in Maine, arrived in Waterville, Me., simultaneously by two different routes, after a mysterious absence of one week.

The two disappeared simultaneously Nov. 17. Both had been to Boston, according to their statements. In explanation of her absence, Miss Piper insists she was lured from home by white slave traffickers, drugged by candy in Fairbank, and taken to Boston.

Miss Piper is 18 years old. She teaches school at Newburg, a small hamlet near this town. So far as her intimate friends know, she had no male admirers other than Keene, but his attentions were resented by her father.

## KILLED BY OWN GUN

Editor Stumbles and Falls While Crossing Stone Wall in Maine

Hermann D. Umbstaetter of Boston, editor of the Black Cat Magazine, died at Kesar lake, Me., as a result of a hunting accident. He was gunning on the shore of the lake and was crossing a stone wall when he stumbled and fell, discharging his gun. The shot entered his left side and ploughed through one lung, barely missing his heart.

Umbstaetter was taken to a nearby cottage, where a doctor, and later a surgeon and a nurse were called from North Waterford.

## ALL OFFERS REJECTED

Lawrence Mill Agents and Firemen Fail to Reach Agreement

The conference of the Lawrence, Mass., mill agents with the representatives of the striking stationary firemen's union, which was confidently expected to result in an amicable settlement of the strike, was a flat failure.

Beyond expressing dissatisfaction with propositions made to them, the firemen had nothing to say about the meeting. A statement issued by the mill representatives rehearsed the offers made by both sides, all of which were rejected.

## TURKEYS CONDEMNED

Over a Ton of Tainted Birds Found by Inspectors at Boston

More than 2000 pounds of turkey that was to have appeared on Boston tables Thanksgiving day were condemned by Dr. Burr of the Boston health department.

The turkeys in question Burr and his assistants declared to be tainted. According to the health inspectors, these turkeys had been packed while they were fresh killed and yet warm. As a result they spoiled en route to Boston.

## GANG BURROWS THROUGH WALL

Loot Valued at \$5000 Stolen From Boston Furriers

## ONLY THE BEST FELLS TAKEN

Mysterious Tenant and Pale Hired Office Adjoining Establishment of Firm Which Was Robbed, and Worked at Their Leisure—Fail in Attempt to Crack Old-Fashioned Safe

A padlock is the only clue the police have to the identity of the gang which tunneled through an eighteen-inch brick wall into the establishment of John F. Elchorn & Son on the second floor at 73 Kingston street, Boston, and escaped with \$5000 worth of furs.

Ineffectual attempts were made to force open a safe containing a small fortune in ermine and other rare pelts.

The police investigation revealed that a suave appearing man about 25 years of age a week ago hired a small office in the building at 35 Kingston street, which is built against the building at 73 Kingston street, a brick fire wall separating them.

He was particularly anxious to obtain one office which was vacant, asserting that it was ideally located for the need of a cutlery establishment. He was about to establish, and was allowed to rent it.

A roll top desk was shipped into the office, and since then little was noticed of the stranger and his associates. It being imagined that he was preparing to open in about a week. Instead, each night a gang of probably three men knocked away at a hole started in the bricks in the wall which intervened between the gang's office and the Elchorn establishment.

The plaster and bricks were shoveled into the drawers of the desk and into a small clothes closet. Finally, when the Elchorn showrooms were opened, it was found there was a hole about two feet in diameter in the wall about ten feet from the window.

All the furs had been examined, apparently by an expert, and only the best pelts taken. In the safe which contained the best furs, the contents were found to be untouched, although the combination dial on the safe had been battered in an attempt to force it open.

Small holes in the safe showed that unsuccessful attempts had been made to drill through the steel and put in an explosive. Despite the old pattern of the safe it successfully resisted the efforts of the cracksmen.

Five inspectors were detailed on the case by Chief McGarr, but no arrests are expected. This makes at least a score of robberies by an organized gang in Boston during the past year.

## NEW POISON TREATMENT

Doctors Force Limestone Into Woman's Stomach at Hospital

A new treatment for poisoning was tried at Fordham hospital in New York, in the case of Mrs. Mary Browning, 36, who attempted to commit suicide in her home by taking thirty grains of poison.

She was taken to the hospital where two dozen raw eggs was administered. Then the house staff decided to try a new method of combating the poison by forcing limestone in copious quantities into the stomach. It was hoped that the elements in the limestone would neutralize the poison.

## HELD IN \$10,000 BAIL

Gigantic Swindle Charged Against Head of Importing Firm

Carl Thalheim, president of the importing firm of C. Thalheim & Co. of New York, was arrested by government agents, being accused of undervaluing imports of feathers, artificial flowers and straw braids from France.

The government authorities believe the frauds will mount into the millions. They claim to have evidence to prove they have amounted to \$250,000 within the last two years. Thalheim was held in \$10,000 bail, the highest ever fixed in a case of this kind.

#### What an Outrage!

It is interesting to see the Post Office department having such a good time with itself over the surplus it is accumulating through the operation of the Parcel Post. If any private individual or private corporation in the country should do to the people, what the Post Office department is doing to the railroads, letter carriers, and the rural route men in connection with this enormous handling of freight matter in big and little packages, there would be such a hue and cry of the yellow press of the country that the Mexican rebellion wouldn't get more than a two-line head on the back page, while the White House wedding would be put in a type under the head of "those married."

What a travesty upon the word "justice," for the head of a great department like the Post Office department to come out with a bold claim of how much money has been made in a branch of its service which has sponged ninety per cent of the profits referred to out of the people of the country who are stockholders in the railroads which carry the freight for the Post Office department, without a dollar of increased pay for doing so. It is the baldest and meanest scheme yet perpetrated by any department of public service in any country that has come to the attention of any people.

This doesn't alone apply to the railroads, but it applies to such men as the expressman who is carrying all of this enormous freight, under the guise of mail, from the railroad station to the post office here in this particular town of Andover. It applies to the carriers who must deliver many of these parcels. It applies all along the line to a service honestly contracted for on a particular basis, and now made doubly burdensome through legislation, without any actual relief to the ones who do the work. We don't know how long the people of the country, who are saving money by this proposition, are going to justify in their own minds such an abuse as is made up by the arrangements existing between the Post Office department of the United States and the great mass of public servants who are doing extra work under recent legislation. It doesn't seem as if the American sense of justice would allow this thing to go on much longer, and then allow those who are responsible for it to boast of profits secured in this way.

#### Destroying a Party

The opinion has been expressed in this column on several different occasions that much of the legislation enacted in recent years for reform in political methods has succeeded in accomplishing little else than the destruction of party responsibility.

One of the most perfect illustrations to prove this contention is furnished in the failure of the Republican party to nominate a party candidate for Mayor in the pending Boston election. Somebody may suggest that the virile activity of the Democracy in Boston is abundant evidence to contradict this contention, but if this claim is made it fails to recognize that the methods of controlling the two parties are not at all similar. Where the Democratic party has thrived the Republican party has starved. Leaders of the two parties act on entirely different principles. The Democratic party holds itself together by a careful study of what the party needs in the line of supporters

and how it may secure those supporters by recognizing all of the different elements. Ward bosses, captains, lieutenants, checkers, clear down the line, have their most perfect apportionment of the offices and emoluments going with a Democratic administration. Men are punished if they fail to deliver, as readily as they are rewarded if they do deliver, and the system of management and control as it is worked out by the Democratic City Committee in Boston and many other communities, is so perfect that the party, if entrenched in power, is able to hold itself against all comers and thus maintain its party unity.

As against this the Republican party is a mere cipher in the shuffle. When in power it had no ability to build up to such a strength as that shown by the Democratic party, because the reward in office or any other form of pay is distributed without any reference to labor performed or loyalty given to the Republican party. Where the Democrat considers it the poorest kind of form to recognize any but friends with reward, the Republican party has always considered it the very best form to reward enemies and attempt to make them friends, because they figure their regular supporters securely tied.

Again, at the expense of repeating what has been said in this column many times, this situation, in which the destruction of political parties is so strongly under way, must be brought home to the voters. Under the system of government maintained in this country, when political parties cease to be, then there will cease to be any effective, satisfactory responsibility for government. If the Legislature of 1914 could realize the importance of this trend and check the tendency controlling the Legislature for several years past toward "reform" in political methods, they would do a service to good government. If they shall continue, however, to add to the many present laws which go to break down party barriers, the crank, crook, and the freak will very soon have complete control of political activity.

#### Editorial Cinders

The writer always wishes he could dance when there comes to him each year the courteous invitation of the fire boys to be a guest at their annual ball. This is the sort of an entertainment that lives on and grows more popular with each succeeding year, and it ought to, not alone for the merit of the affair itself, but because there is a net return from it which adds appreciably to the fund which the fire boys have now caused to reach a generous size. The town has reason to be very proud of not only the social affair which is run so well by the fire department, but much more proud of the character of service which they have rendered at every call, proving efficiency of the highest sort in the particular work they are called to do in the line of duty.

Elsewhere in the Townsman they are telling you that your A. V. I. S. dues should be paid. This ought not to constitute a burden, but a welcome call to the many people who for many years have been supporters of this excellent work. One of the important autographs that should have annual filing by all the lovers of a more beautiful Andover is that of the treasurer of the A. V. I. S.

#### Masons' Annual Meeting

The annual meeting of St. Matthews lodge, A. F. and A. M., was held on Monday evening. Reports for the past year were read, and the following officers elected and installed:

W. M., George M. R. Holmes; S. W., Gordon R. Cannon; J. W., Malcolm B. McTernan; treasurer, George A. Higgins; secretary, James Anderson; chaplain, Albert W. Lowe; marshal, Vaughn Jealous; S. D., Harold F. Saunders; J. D., Frank H. Paige; S. S., Austin F. Hitchcock; J. S., Leon O. Dunklee; I. S., Walter H. Thompson; tyler, Charles McDermitt; trustee of the permanent fund for three years, Nesbit G. Gleason; trustee of the charity fund for three years, Andrew McTernan; associate member, board of relief, George M. R. Holmes.

#### An Indian Festival

The vestry of the South church will be transformed into an Indian Village on Tuesday, December 2, when an entertainment by local talent, consisting of Indian tableaux, song and verse, will be given from 3 to 5 o'clock. A typical Indian supper will be served from 5:30 to 7 o'clock.

At 8 o'clock "Floating Cloud" (Miss Bee Mayes) will give an entertainment entirely new to her Andover admirers.

Indian blankets, rugs, looms for same, Indian beads, postcards and pillow tops, will be for sale. There will also be a most interesting exhibit of beadwork and Indian relics. Will any who can contribute to this exhibition kindly communicate with Miss H. L. Erving, 43 Salem street, phone 425-4.

#### Abbot Academy Notes

It is seldom that one listens to so stimulating and interesting a lecture as that on the Modern Novel given in Davis Hall last Friday afternoon by Prof. Phelps of Yale. He guided his audience through the maze of modern fiction in a manner that inspired confidence in his opinions and a desire to follow his leadership, while his way of making his points was so imitatively doing that he kept people laughing from the beginning to the end of his talk.

The school and its friends are to have the opportunity of hearing another brilliant speaker and distinguished scholar on Monday afternoon, December 8, when President Burton of Smith College will speak on "The Educated Person." Dr. Burton, who has shown himself a man of rare executive ability in his administration of Smith, is also considered one of the most eloquent of American lecturers.

Members of the Alumnae Advisory committee who visited the school last week on the occasion of the lecture by Prof. Phelps were Mrs. Willard G. Sperry, at one time principal of the school, Mrs. Howard Taylor of Derry, N. H., Mrs. Forest Dryden of Newark, N. J., Mrs. Ethelbert Moore of New Britain, Conn., and Miss Agnes Park.

The service Sunday evening was held in Davis Hall, and after an inspiring talk on the meaning of Thanksgiving by Prof. Ryder there was a short organ recital by Prof. Ashton.

## THE FIREMEN ENTERTAIN

Large Crowd Present at Annual Entertainment and Ball in Town Hall

Thanksgiving Eve saw still another success added to the long list of enjoyable Firemen's Balls, when the usual large number of townspeople gathered in the town hall for the forty-second annual concert and ball.

That the evening was a pronounced success was the opinion of all who attended. An excellent entertainment was provided, the Columbian orchestra of Lawrence furnished the best of music, the dancing was enjoyable, and no small credit is due the committee in charge for the ease with which their arrangements were carried out.

The entertainers of the evening were Bartlett and Gaffney, two unusual performers on various kinds of musical instruments, who gave a program of much more than usual interest. Mr. Gaffney's fine baritone and his expertise at the piano, coupled with his partner's skill with the xylophone and one-stringed fiddle made for a succession of very pleasing numbers.

Dancing commenced shortly after nine o'clock and was continued until past midnight. At intermission refreshments were served by Caterer Rhodes.

Among those who attended, the following were noted:

Mr. and Mrs. Cleveland Milnes, Mr. and Mrs. Robert Lochhead, Mr. and Mrs. Joseph Dumont, Mr. and Mrs. John Kydd, Mr. and Mrs. Wm. Black, Mr. and Mrs. George Morse, Mr. and Mrs. Arthur Donaldson, Mr. and Mrs. Frank Dodge, Mr. and Mrs. Louis A. Dane, Mr. and Mrs. C. F. Emerson, Mr. and Mrs. Frank Hill, Mr. and Mrs. Harry Chadwick, Mr. and Mrs. Joseph Blunt, Mr. and Mrs. Philip Leslie, Mr. and Mrs. Everett Lundgren, Mr. and Mrs. John Collins, Mr. and Mrs. James Napier, Mr. and Mrs. Charles Buchanan, Dr. and Mrs. M. B. McTernan, Mr. and Mrs. Blanchard Frye, Mr. and Mrs. Frank Buttrick, Mr. and Mrs. Chas. Hill, Mr. and Mrs. D. L. Coutts, Mr. and Mrs. Ralph Manning, Mr. and Mrs. John Collins, Mr. and Mrs. Walter Coleman, Mr. and Mrs. Charles Morse, Mr. and Mrs. Geo. A. Morse, Mr. and Mrs. Austin Poland, Mr. and Mrs. Geo. Carter, Mr. and Mrs. Chas. Flanders, Mr. and Mrs. Ralph Coleman, Mr. and Mrs. H. M. Eames, Mr. and Mrs. Frank Holt, Mr. and Mrs. Geo. E. Holt, Mr. and Mrs. Philip Moor.

Misses Elizabeth Dick, Isabelle Killackey, Lucy Lassus, Annie Platt, Grace Buckley, Alice S. Coutts, Bessie Sheehan, Miriam Dyson, Edith Dannels, Edith Sellars, Florence Mears, Anne Coleman, Helen Bailey, Helen and Anna Holt, Emma Holt, Helen Knowles, Edith Whitman, Esther Claffin, Louise and Marie Daley, Elsie Wood, Katie and Elizabeth McNally, Fannie Angus, Pearl Brown, Mary Maroney, Mary Zechini, Mary Black, Josephine Donovan, Mary McKee, Lucretia Lowe, Anne Lochhead, Bessie P. Goldsmith, Elizabeth Gordon, May Rodger, Eva Eaton, Nellie Kyle, Grace Eaton, Edith Valpey, Abby Burr, Ruth Cates, Grace Stevens, Helen Donald.

Mrs. Fred Blaisdell, Mrs. John Claffin, Mrs. John Derrah, Mrs. Andrew Kydd, Mrs. Archie Blatchford.

Fred Westcott, James Doyle, John McGregor, William Abbott, Arthur Bliss, Jr., Ray Dearborn, Roderick Cannon, Harvey McCrone, John Buckley, William Batchelder, George Collins, Joseph Daley, Roy E. Hardy, Guy Webster, Thomas Platt, S. H. Bailey, Arthur Johnson, Charles Frederickson, Douglas Lindsay, Everett Collins, Arthur Gray, Charles Riddoch, C. J. Francis, Wm. Knipe, Saxton Fletcher, Laurence Colby, Alfred McKee, Loring Higgins, Howard Bell, Lyman Cheever, Francis Maroney, David S. Burns, Douglas Donald, Douglas Lindsay, George Walsh, Carl Lindsay, Archibald Mayo, Michael Brennan, Geo. Napier, Fred Cheever, Robert Hutcheson, Thomas Connors, Charles Bowman, Broe-Blonquist, Clifford Knowles.

The committee in charge consisted of the following:

Floor director, Capt. C. S. Buchan. Aids: Lieut. C. Serra, Lieut. R. B. Manning, Lieut. A. Bliss, Jr., Treas. L. Hilton, G. C. Dannels, F. L. Collins, D. P. Webster, F. M. Smith, F. E. Morse, W. Baker, Ira Buxton, C. F. Emerson, S. Shattuck, C. H. Harnden, G. Dick, C. A. Hill, Fred Adams, J. A. Collins, Frank Carse, W. C. Collins.

#### Dorcas Circle Entertainment

The members of the Dorcas circle gave a very pleasant entertainment at the Free church on Monday evening, at which, in spite of the disagreeable weather, there was a good attendance.

The program opened with a selection by a very remarkable toy symphony which consisted of a variety of very unusual instruments and which was conducted in an able manner by Miss Eva Howell. Mrs. John C. Angus and Mrs. F. A. Wilson rendered several piano-duets in their usual enjoyable manner, while Mrs. Angus also entertained the audience with some finely played solos. Vocal numbers were enjoyed from Miss Alice S. Coutts, Mrs. John H. Campion, and William McEwan, while Mrs. Hubert Mayo read several humorous selections which were heartily applauded.

During the evening candy was sold, and the Dorcas Circle realized a very satisfactory sum as a result of the evening.

#### Phillips Academy Organ Recitals

The first of the winter Wednesday afternoon organ recitals will be played next Wednesday afternoon, December 3rd, at 5 o'clock, by Henry L. Gideon of the Temple, Commonwealth avenue, Boston.

#### Symphony Players at Abbot

The program of the concert to be given at Abbot Academy by eight members of the Boston Symphony Orchestra, Saturday afternoon, December 13, will be as follows:

Septet, in E flat major, op. 20 Beethoven  
for Violin, Viola, Violoncello, Bass, Clarinet, Horn and Bassoon  
Adagio: Allegro con brio  
Adagio cantabile  
Tempo di menuetto  
Tema: Andante con Vaghi  
Scherzo, Allegro molto e vivace  
Andante con moto, Alla marcia, Presto  
Theme and Variations—from the Kaiser Quartet Haydn  
String Quartet  
Octet, in F major, op. 166 Schubert

for two Violins, Viola, Violoncello, Bass, Clarinet, Horn and Bassoon  
Adagio, Allegro  
Andante un poco mosso  
Scherzo, Allegro vivace  
Andante molto, Allegro

Beethoven's Septet was first performed in public at a concert in Vienna, April 2, 1800, at which the composer's First Symphony also received its first performance. There had, however, been a private performance of the Septet at Prince Schwartzberg's. The work had been most favorably received there and Beethoven was evidently proud of it. And now, after more than a century, it maintains its place as the most eminent work of its class.

Of compositions written for eight instruments, Schubert's and Mendelssohn's Octets are the most famous. Mendelssohn's is written for strings alone, while Schubert employs both wind and stringed instruments. Schubert's Octet was written in February, 1824, and was immediately performed from manuscript. It remained in obscurity, with many other works by this composer, until 1854, when it was discovered and published. Since that time it has been most famous. Schumann, who brought many of Schubert's works to light, was very fond of it. The Octet is scored for the instruments used by Beethoven in his Septet, with the addition of a second violin.

The second recital will be given on Saturday afternoon, January 17, by Miss Ethel Leginska, pianist, whose recital in New York last January was, according to Mr. Krebhiel, the eminent critic of the New York Tribune, "one of the aesthetic high lights in the pianoforte recitals of the season."

The third concert in the series will be a song recital which is yet to be arranged both as to soloist and date. It will, however, like the others, be scheduled for a Saturday afternoon. Tickets for the series will be on sale at the Andover Bookstore on and after next Monday, December 1. The price of ticket for the three concerts will be two dollars.

#### Illustrated Lecture on India

In the past we have had a number of lectures by missionaries on India. The people of Andover will be interested in hearing Rustom Rustumjee, Esq., an educated Parsee and editor of the Oriental Review of Bombay. He presents a different point of view from that taken by the missionaries, although he approves of them. He has lectured before the National Geographical Society and most of the universities of this country. The lecture is illustrated and very interesting and entertaining. Chapel Church, Andover Hill, Thursday, December 4, at 8 o'clock. Admission, 25 cents.

## SUCCESSFUL CHURCH SALE

Women of Christ Church Conduct Annual Thanksgiving Event in Rectory

The ladies of Christ church held their annual Thanksgiving sale at the rectory on Tuesday, and the affair was even more attractive and more successful than in years past. Practically all of the goodies offered for sale had been disposed of by two o'clock, there being a large attendance and generous patronage during the noon hour when sandwiches, cake, coffee and tea were served.

The rooms in the rectory had been very pleasantly decorated by Miss Alice Jenkins, with cornstalks and yellow bunting, so that it presented a true Thanksgiving appearance. Homemade cakes, pies, candy, jellies, preserves, fruit and vegetables, as well as aprons and flowers were on sale, and were in charge of the following:

Pies: Mrs. A. E. Hulme, Miss Alice Jenkins.  
Jellies, preserves, fruit and vegetables: Mrs. Thomas E. Allen, Mrs. Nesbit G. Gleason.  
Cake: Mrs. B. B. Tuttle, Miss Lucia G. Merrill, Mrs. C. T. Dole.  
Aprons: Mrs. F. B. Grout, Miss Ward.

Candy: Mrs. Addison B. LeBoutillier, Mrs. Matthew Colquhoun, Mrs. C. J. R. Humphreys.

Flowers: Mrs. J. R. Fuller, Miss Edna Brown, Miss Dorothy Dole.  
Luncheon: Mrs. J. R. Fuller, Mrs. Edward Chapin, Mrs. George Selden, Mrs. M. A. Baldwin.

Cashier: Mrs. Gladys Jewett.  
Mrs. M. A. Baldwin was chairman of the committee in charge of the sale.

### Notice

The annual fees of the A. V. I. S. for the ensuing year are now due. As each year's work of the society is limited by the amount of this annual income, it is especially desirable this year that this income be assured if possible, before the January meeting of the board of directors, in order that definite plans may then be discussed for early spring work.

FRANCES W. ABBOTT, Treas., for the Directors.

### Men's Club Entertainment

The South Church Men's Club conducted a very pleasing entertainment in the church vestries last Friday evening which was enjoyed by a large and appreciative audience.

The chief purpose of the evening, aside from a social gathering, was to help meet the deficit in the parish fund, and to this end, there was raised during the evening, through the sale of tickets and voluntary contributions, the sum of \$100.

The program of the entertainment included vocal, piano, and mandolin numbers and readings, while during the social which followed, several fine selections were given on the Victrola by William A. Allen.

Mrs. Belle Harrington Hall of Lowell, the reader of the evening, gave several enjoyable numbers, with generous response to the applause of the audience. Her humorous selections were especially good, and her hearers are indebted to Mrs. Hall for many a hearty laugh over her excellent impersonations.

Mrs. I. L. Sjostrom of North Andover also pleased the audience with her skill at the piano, both in the solo she played and in her accompaniments. Mrs. Sjostrom's hearers greatly appreciated her kindness in taking a part in the evening's entertainment.

James F. Daley of High street, who sang several old-time songs in a pleasing tenor voice, and Master Lee of North Andover, an eleven-year-old soprano, whose sweet and unusual voice drew forth much applause, were the soloists of the evening. The Phillips Academy Mandolin club also rendered three selections which added greatly to the enjoyment of the program.

At the close of the entertainment refreshments were served.

### Notice

Members of the Woman's Auxiliary to the Andover Guild, who have not already paid their annual dues, are asked to send them at once to the treasurer, Mrs. David Shaw, Main street.

## OBSERVANCES OF THANKSGIVING

Many Opportunities Afforded to Spend the Holiday for Profit or Pleasure—Religious Service Closes the Day

Andover's observance of Thanksgiving Day included in addition to the many family reunions and gatherings several well attended football and soccer games, the annual Firemen's Ball on Thanksgiving Eve, and a union meeting at the South church last night.

### Union Thanksgiving Service

The annual union Thanksgiving service of the Protestant churches of Andover was held last evening in the South church at seven o'clock, there being a small but appreciative attendance.

Rev. Clark Carter conducted the meeting; the responsive reading was led by Rev. F. A. Wilson; the invocation was by Rev. Newman Matthews; and Rev. W. E. Lombard read the scripture lesson.

Rev. Chalmers Dyke was the speaker of the evening. Mr. Dyke is a comparatively recent new-comer to Andover, and his address was listened to with much interest. He presented a rather unusual aspect of the meaning of thanksgiving and showed in the course of his remarks that the way up the mount of Thanksgiving, as he expressed it, lies in being thankful for the opportunity of doing something for others rather than in gratitude for what we ourselves receive, and that the lives of those who return thanks in this broader and deeper way will be strengthened and enriched because of it.

At the close of the service a brief business session of the Andover Christian Civic League, under whose auspices the union meeting had been held, was called to take action on the election of a president and vice-president to take the places of Dr. Frederic Palmer and Rev. F. R. Shipman whose departure from Andover necessitated their resignation. No successors were elected, but Rev. F. A. Wilson was appointed chairman of the executive committee until the date of the annual meeting of the League in February.

### Punchard 6, Alumni 0

The Punchard football team won from an eleven composed of alumni of the school by the score of 6 to 0, in the annual game on the playstead yesterday morning. The contest was a hard-fought one, the two teams apparently being well matched, and during the first half neither side scored, although on several occasions big gains were made by line-plunging and the use of the forward pass. Harold Cates, the Alumni right tackle, netted a good distance by one especially fine end run.

Punchard's single score was made and her only victory of the season won, when in the fourth period, with two minutes to play, Howard Cates secured a touchdown after a series of rushes.

There was a good attendance of alumni and other interested spectators.

The summary:

### Andover A. A. 6, Amory A. A. 0

The annual game between these two rivals was played on the playstead yesterday afternoon before a large crowd, and for the second year in succession the local team won by a score of 6 to 0. These teams have played for six years and the Amory eleven has yet to score a point. The first four games resulted in scoreless ties. There was not much football displayed yesterday, and the contest was marred by the continual wrangling and scrapping of the players to such an extent that the game was often stopped on arguments. The locals had a little the better of it but didn't score until in the third period of play when Everett Collins went over for a touchdown on an end run of fifteen yards, the try for goal failing.

Ralph Berry of the locals had his collarbone broken and Peter Dugan his nose, while several other local players were more or less used up.

The lineup:

### Thistles 2, Andover Scrubs 1

On the cricket field yesterday morning in a benefit game the Thistles kept their slate clean, defeating a strong scrub team in an interesting game, 2 goals to 1. There was a large attendance of spectators and a goodly sum was realized for the beneficiary.

The Thistles played one of the best games of the season and deserved their win, although the first goal they scored from a penalty against Lowe, the Scrubs' back, was a pure gift from Referee Tuson. John Deyermund in goal time and again saved his side from disaster by his brilliant work, one save from a magnificent shot by Captain Tom Lee of the Phillips Academy team being especially noteworthy. Lee delighted the spectators with many fine touches of football. Renny played a great game at half and Jackson was always safe.

The Thistles' second goal was scored in the second half by R. Lynch after a fine combination run down the field. Rae at left back played a sterling game and Macconnachie put in a lot of hard work, while Nichol was strong on the defense. The Thistles have several players who will bear watching by the management of the United team, and they should allow no outsider to get ahead in signing on some of these promising juniors.

The teams were:  
Thistles—Deyermund; Robb, Rae; Smith, Macconnachie, F. Nicol; Carnathan, J. Lynch, Caldwell, R. Lynch, J. Black.

Andover Scrubs—Butterfield (P. A.); J. Lowe (Law.), Jackson (United); Gorrie (So. Law.), Neas (Buntings); Renny (United); Mackinlay (P. A.); Cairnie (United); Smith, Lee (P. A.) Skea (United).  
Referee, Tuson; linesmen, Stewart, E. Anderson.

### Obituary

#### JOHN WILLIAM DEAN

The sudden death of John William Dean which occurred at his home on Main street on Wednesday, the 20th inst., came as a great shock to friends and acquaintances.

Mr. Dean had been in his usual health up to a short time ago when he was afflicted with a series of caruncles that had their usual irritating effect, but were not considered of serious portend. On Monday of this week, however, other complications set in, and Mr. Dean was confined to his home. Complications followed one another rapidly and the final cause of his death was bronchial pneumonia.

The deceased was 51 years old, and had lived in Andover his entire life. He was the son of John H. Dean, who established the business which the deceased had carried on since the death of his father. One of a large family of children, Mr. Dean had made his home with his three sisters on Main street, leading a quiet life, giving practically all of his attention to the details of a business which had developed largely under his direction. Of a quiet nature, his close friends had been few, but those who knew him well, highly respected him. His life was largely that of a successful storekeeper and he had almost no other interests, holding himself strictly to the care of his business.

He was educated in the public schools of the town, graduating from Punchard in 1880. He was a member of Andover Lodge, I. O. O. F., but aside from that connection took no part in either social or political affairs of the town. He was a good citizen and a good business man.

Two brothers and three sisters survive him. Geo. H., the elder brother, is located in Boston, while Charles M., is employed in a similar line of business to that carried on by his brother, in a town near to Kalamazoo, Mich. His sisters include, Miss Carolyn, who has been for a long time, a faithful school teacher in Andover, and Misses Alice M. and Harriet.

Funeral services will be held on Saturday at 2 o'clock from the home.

#### WALTER F. FRENCH

Walter F. French, a former resident of this town, died last Saturday at his home in North Epping, N. H. He was fifty-four years of age. Mr. French had been in poor health for several months and during the three weeks preceding his death had suffered greatly with diabetes.

Funeral services were held from his late home on Tuesday of this week, and were attended by several acquaintances and friends of the deceased from this town.

Mr. French for many years made his home in Andover, living in the old home on Elm street removed at the time of the erection of the Free church. He engaged in the moving and teaming business during his residence here and was well known throughout the town. He was a

member of Andover Council, Royal Arcanum.

Several years ago he removed to North Epping, N. H., where he had since made his home. He is survived by his wife and several children. Sa. now.

WHEN you come to this store for the first time you will be pleased to find that the Wyllie idea is to satisfy you, not merely to "make a sale."

You can find here the largest stock of new winter styles for women, men and children in town; just so many more chances to find what you want, and a great variety of prices.

Then there is the Wyllie's service that fits you correctly, the Wyllie's honesty that gives you dollar for dollar values.

## McDOUGALL'S MUSINGS

## A Round About Paper

Since I had the pleasure of speaking to the readers of the Townsman a month ago, how many important events have occurred. In addition to the usual local happenings, Exeter gave Andover a bad beating at football, and the latest important event in college life is the Harvard victory over Yale, when forty thousand people, at a cost of a hundred thousand dollars, saw Brickley kick the ball to victory.

We lament over the Spanish people going on Sunday afternoons to see a man kill a bull or the bull kill the man; we grieve over the sad state of the good folks of Mexico who enjoy cock-fighting on Sundays after being at Mass in the morning.

"Oh, was some power the gift of us."

To see ourselves as others see us. Among other great events that have happened has been McDougall passing the eightieth milestone of life's journey. All I can say about that is that the kindly congratulations I have had from friends near and far have almost made me speechless, as the Scotchman said when he fell from a scaffold. A passer-by said, "Oh, my dear man, are ye killed?" "Oh, no, I am not killed, but I am speechless!" I beg to thank every one who remembered me, and that I was not altogether forgotten. One of the presents I got was a book from a clergyman, "The Auld Ayrshire of Robert Burns."

As I have been lately writing about farming, this book gives a vivid description of the difficulties Burns encountered in his farming life over a hundred years ago. Another book I got, "Little Journeys in the Highlands and Islands of Scotland," is written by a gentleman who was interested in getting public libraries opened in out-of-the-way places and, by giving lectures and living amongst the rustics in these little islands, is able to tell many good stories about the habits of these isolated highlanders. I cannot refrain from giving the Townsman readers what the writer of these little journeys calls "the absolute necessity of a good supply of whiskey at funerals." On a small island where in stormy weather the little steamer from Aberdeen could get near enough to land merchandise once a week as usual, an old woman died, and was not to be buried until the Aberdeen boat came in with whiskey enough to make a funeral possible. On being told that there would be no goods loaded for eight days, the

old husband of the dead woman said, "There will be no funeral till the boat can land,—she is old and thin and she'll keep!"

Some weeks ago I got a copy of the great Underwood bill, sent on to me from Washington, but as it has only in it what the duties are now to be and not what the Payne-Aldrich bill had, I refrain from saying anything about the new tariffs until I compare them with the old schedules; meantime, I only add that if the Underwood bill does not please everyone, we must just blame the stand-pat folks who told us that tariffs did not raise prices and now when tariffs are lowered cry out that they are to be ruined by cheap goods coming into this country, made by the pauper labor of Europe.

I have been much interested by several books and pamphlets sent on to me from Washington about the beetroot sugar industry in this country. In these pamphlets it is again and again stated that the plant, or sugar beet factory costs almost double the amount to erect that it does in Europe. In letters about our textile trade in this country I have several times stated that not only were wages higher here than in Europe, but that the building and machinery cost at least fifty per cent more and that although wages here were reduced to the pauper labor of Europe standard, manufacturers of textile goods could not compete on fair terms.

The idea that we Americans are so clever that we can make a spindle or a loom run faster and do more work than in any other country is simply absurd.

It did not require a prophet to foretell who would be elected for governor in this state—with the Republican party split in three sections and the Democrats united. Until the Republicans unite or agree to differ on some minor points, it requires no seer to see how it will work.

I intended to say something about the Monroe Doctrine, or rather what the Monroe doctrine means; but I find that my space will keep till a supply of whiskey or dead bulls from Mexico lands on our shores. Meantime I thank all the readers of the Townsman, as well as the Editor, for giving me a month's holiday, and may your Thanksgiving dinner have put you all in the mood of enjoying the musings of

IAN McDOUGALL

## ANDOVER AMERICANS OF ROYAL DESCENT

## Historical Andover

## NO. 157. PART II

The third group I have picked up lately from the well-known Whiting family, of which Dr. Whiting, who lived once on Sunset rock, was a good example. The first one over, Rev. Sam of Lynn, had for his wife Elisabeth St. Johns, cousin of Oliver Cromwell (who claimed royal blood). She was from the nineteenth line from William the Conqueror, and with Matilda, daughter of Baldwin Count of Flanders, whose wife was daughter of Robert II, king of France, and who also being the widow of the Duke of Normandy, straight and square, secured for Matilda and her children the rights for William, who was not entitled to Normandy on account of accident of birth. All who hold these honors count from Matilda, not from William, who had to start his own family of Plantagenet for himself. Gundred, the daughter, the first wife of the Earl of Warren and of Surrey, and their son William who had for a wife the notorious Isabella, granddaughter of Henry I of France, come on to her daughter, Lady Gundred, who took the Earl of Warwick and so on down through the Beauchamp family of generations to Lady Margaret, thirteenth in line from the William that stole Britain from my Welsh Briton and Saxon ancestors. Margaret married Sir Oliver St. John. Her grandson was Henry VII of England, a Tudor, and she married a man with children for her next, that had been allied with the daughters of Edward IV, so a gay time was possibly the antecedents of the St. John line, that finally shot off such Puritans as old Oliver Cromwell and his cousin Elisabeth, who chose a handsome parson of good blood and they came to Lynn, one of our roughest settlements, according to a friend of Andros, who called Whiting's congregation "Bears of Lynn." Billecca for the son, Rev. Sam, was a fine change, and his daughter, Elisabeth Whiting, married the Chelmsford minister, Thos. Clark, of high standing, and their son, Timothy Clark, got an "education" and came to Andover to live and preached and tutored here a while; and then with his Andover wife, Elisabeth Abbott, moved away

where we can't find him as yet. Elisabeth, his daughter, staid behind on the Frye farm where Hodges lives, also once the Raymond farm, and there Ben Frye, her husband, went to war in the navy and came home to die early in the Revolution with smallpox and is buried in a lonesome place up in the field somewhere. Then the brave mother brought her children over to the South Parish, selling the farm and living near Dea. Abbott's store, and here grew up Joseph Frye, ancestor of the late Margaret Blanchard and her niece, Ida Abbott, and others who live outside. Peris Frye married a Frye cousin and we see the line here in summer, Mr. Nathan Edson of Lynn being a resident at Mrs. E. F. Holt's. Betty Frye married Warren Parker of Dracut and with him perhaps Elisabeth (Clark) Frye, so far away from the old English ways and aristocratic environment of her distinguished forebears, after sending her best down to help the line, is laid at rest. I hope some day to get her grave for the descendants. Martha Frye married Moses Abbott, who learned his trade in Lynn at the foundry there. Mother Frye put her money in and started the home in the old red Chandler house now fixed up by Fred Berry, and sold to Moses Abbott later. Here three generations grew up with us of this solid Abbott line, ballasted with Holt ancestry, such strong Saxon stock no Norman line can stand against them; but the St. John savvy is all there.

Here also came Elisabeth Clark's young brother Thomas, and lost track of the father's destination. Thomas left a valuable Bible with the records of the half-brothers. His wife, who was born Farrington, married first Ephraim Swan and by Clark she was the mother of his only son Ezra Clark, who married Hannah Chandler. One son lived with us long years, the late Thomas Clark, deacon of the Free church, whose children are represented here by the family of son Jesse, and there were brothers who were in Methuen I did not follow. Joseph Clark, the "Drummer," who used to drop down on the Raymonds when his trips went near Grand Rapids, is the most like William the Conqueror of any I have seen of the Timothy Clark line, and I recall his battle as a boy with typhoid fever and his coming up from the gate of death because of his inheritance of great virility from these ancestors, especially the long-lived Farringtons.

The family of the late Dr. Augustus Whiting was well known here when they held the estate on Sunset Rock (last occupied by Mr. Shattuck), as a summer residence. He was a famous physician of Charles-town, the authority in our old families here and there. From Harvard 1816, he began his career in 1820, married Catharine Walker who lived to 1864, he passing in 1867, the same courtly old gentleman always. He used to call on my aunt in Charles-town, where I was boarding when in W. F. Draper's Boston bookshop in 1865, and Andover was still his favorite topic. Here came to live awhile later, one of his sons, William, whose wife was Anne Brown of Merrimac and many recall the two handsome

grandsons and their big Newfoundland dog at the Tracy House, now the site of the Pitman estate. Last we have saved the Lancaster line from Sam (1), Sam (2), Oliver (3), Sam (4), Timothy (5), brother of Samuel (5), grandfather of Dr. Whiting. Timothy moving to Lancaster, married one of the gifted Osgood girls of our West Parish line, who lived on the place where James Otis died and she passed her gifts down to a contemporary of Maria Cummings, who wrote the Lamplighter, who was also an Osgood. Timothy Whiting had Capt. Timothy, General John (7), General Henry, all of the Revolution, while Christopher fell at Ticonderoga. You would not think it of our John Edward Whiting (8), sitting quietly in his west window in the Square, that he was the grandson and nephew of all these fighting uncles. He has the cunning of the Osgood and the maternal Savage family in his fingers and eyes, with wheels, and does the fine work that helps lift the standard of character as well as a bullet. His early home with his father Solon was in Lancaster, where his grandfather, General John, lived. His Uncle Henry was in the Mexican war. Fabius, a major in the U. S. Army, and one gifted Aunt Caroline, who married Prof. Hentz, and lived South and wrote the novels of our early youth, "Planters Northern Bride" and "Ernest Linwood." We had them in the library many years. Cannot some one, from old chests, restore us one or both of these to go with the "Lamplighter" and "Mabel Vaughn"?

Caroline used to bring up to Lancaster, two slave cooks, who catered to our young John at ten. He did not mind sitting down with the black friends in the kitchen to sample good things, much to the dismay of Aunt Caroline, who could not seem to recall that in Mass and at her home, the hired help were free and equal regardless of station or race.

It has seemed to me that in the late attempts at segregation in Washington, vigorously opposed by Massachusetts, who sold the first African servant of Commerce, that the prejudice exists more strongly among the descendants of overseers and "Carpet Bag" Southerners and "poor whites" than among the old owners, who were raised under the care of Southern "Mammies and Uncles." But caste questions are too complicated for the tale of our Royal lines. Here we have John (9) from the first Yankee parson of Lynn and (28) from Matilda, the wife of William the Conqueror and all that is back of her.

If any have been overlooked in this review of the claims of Royalty in other tribes than Bodwell, Blunt, and Whiting, send word, please.

C. H. A.

## Lawrence Industrial School Opens

The Lawrence Industrial School opened for registration on Monday evening with an unusually large number of applicants. In several cases it was necessary to draw lots to see which pupils should be received, until additional accommodations can be arranged for. The cooking and dressmaking classes were especially overcrowded, so that a large number had to be turned away, since the directors of the school can allow only sixteen pupils to each class. There was also a great demand for courses in designing, and cotton and worsted picking and carding.

## Grange Convention Closes

The National Grange Convention which has been in session since November 11, came to a close on Saturday morning, November 22. The remainder of the day was spent in sight-seeing in Manchester, N. H., the delegates being the guests of the New Hampshire State Grange. The next convention will be held in Delaware, probably in the city of Wilmington.

## COLONIAL

The combination of the three stars, Montgomery and Stone, and Elsie Janis, in "The Lady of the Slipper," is a very attractive one at the Colonial.

## MAJESTIC

"Bought and Paid For," the story of modern American marriage conditions, closes its stay at the Majestic this week after a very successful run.

## PARK

"Stop Thief" at the Park theatre, with its real crooks and kleptomaniacs, is a series of continual laugh-provoking situations. There is nothing serious in it.

## BOSTON

Large audiences are witnessing the big spectacular drama "The Whip," at the Boston theatre. There are many exciting climaxes which are much enjoyed by those who like this form of drama.

## TREMONT

This is the last week of the engagement of "The Fight," at the Tremont theatre. The piece gained considerable notoriety in New York, but Boston critics claim that it is entirely unobjectionable.

## CASTLE SQUARE

James Forbes, author of "The Chorus Lady" and "The Commuters," is also the author of "The Traveling Salesman." The plot is ingenious and humorous and the Craig stock company are very entertaining in it.

## HOLLIS STREET

Hitchins' story of "Bella Donna" is followed very closely in the dramatization of the same name now at the Hollis Street theatre. Madame Nazimova appears in the title role and her characterization of the woman devoid of moral sense and human sympathy, is a very interesting one.

## PLYMOUTH

On next Monday at the Plymouth theatre, Jeffery Farnol's "The Broad Highway" will begin the second week of its engagement. The piece is presented by the Henry Jewett Players, is produced with elaborate scenic effect and with an exceptionally strong cast especially engaged for the play.

In brief, "The Broad Highway" is a story of the early part of the nineteenth century with its scenes laid in the county of Kent, England. Peter Vibart, the hero, an Oxford scholar and athlete, is little interested in the conditions of an uncle's will when he learns that a half million pounds will come to him or his cousin and double, Maurice, whichever shall marry within a year the Lady Sophia Sefton, a reigning toast of the Regent's set. He has never seen the Lady Sophia, but he has no

taste for a "fortune with a wife tagged onto it," preferring his blessings unmingled; so he takes to the road with ten guineas in his pocket. His adventures—with blood enough to lend a tang; his goodly company of rural originals; the complex Lady Sophia, disguised as Charming Brown who enters late and spends patient moments in transforming Peter, the egotist and pedant, into Peter, the ardent lover, furnish the play with plenty of action, charm, clear plot and capital acting scenes of strength and interest.

Those who have read this interesting novel will want to see the play, as most of the interesting events are admirably sustained in the novel. Send in your order for seats right now. The usual Thursday and Saturday matinees are given. On Thursday matinee the top price is \$1.00.

## SCOLLAY SQUARE OLYMPIA

The Scollay Square Olympia, Boston's newest and magnificent \$2,000,000 playhouse, and the only theatre in New England installed with an organ, has already become the talk of Boston. During the first week more than 65,000 persons paid admission. The theatre is located in the heart of one of the busiest sections of Boston, and only a short distance from the shopping centre of the city. It is devoted exclusively to the exhibition of high class vaudeville and feature photo plays and runs continuously from 9 o'clock in the morning until 10.30 at night. The theatre is equipped with every modern convenience for the safety and comfort of its patrons, and has a \$50,000 pipe organ with its orchestral attachments, operated by Richard Warren, an organist of national fame. The prices are 10 cents, 15 cents, and 25 cents, excepting on Saturdays, Sundays and holidays. Every Sunday evening concerts of unusual merit are given.

## Opera Season Opens

The fifth season of the Boston Opera Company opened on Monday night with the following program: Monday, "The Jewels of the Madonna"; Wednesday, "Faust"; on Friday, "Tosca"; "Tristan and Isolde" on Saturday afternoon, and "Lucia" on Saturday evening.

## Kolb Bros. Lecture

At the Tremont Temple the Kolb Brothers' lecture of their trip through the Grand Canyon of Colorado will begin the second and last week of their engagement in Boston. The talk is one of the most remarkable ever given in the city.

Emery C. Kolb appears as the lecturer, explaining the dangers and describing the hardships of the trip of 101 days, over the route first traveled by Maj. Powell, but which the speaker and his brother Ellsworth were the first to make with a motion picture machine. As a preface to the thrilling story, Mr. Kolb showed some remarkable pictures of the Bright Angel Trail and other views of the canyon, which are more or less familiar to tourists, but the points from which these pictures were taken added interest to the scenes. One glance at the raging water of the rapids as recorded on motion picture films is indisputable proof of all Mr. Kolb's claims of hardships and dangers. The three boats which they used in the journey were at times seen hurled like bits of paper against cliffs which towered perpendicularly almost a mile high, and again they were plunged beneath waves that seemed to overwhelm them to the depth of fathoms.

Two performances are given daily. The matinee lecture starts at 2.30 o'clock and the evening performance at 8.15. The prices are 25c, 50c, 75c, and \$1.00.

## NORTH ANDOVER

A short meeting of Court Lincoln, A. O. F., was held Friday evening at Odd Fellows' hall.

A son was born Saturday to Mr. and Mrs. Clifton P. Carney at their residence on Dudley street.

## Makes Hard Work Easy!

DUSTING, cleaning and polishing hardwood floors is hard, back-breaking work. An almost never ending task and seldom satisfactory the old way. But it is easy, quick and satisfactory the new way—using the O-Cedar Polish Mop. With it you can spend a few minutes doing what it now takes you almost half a day. You simply run the O-Cedar Polish Mop over every particle of dust and dirt to be removed and the floor is given a look, durable, lasting polish and shine.

It also used for the dusting and cleaning of the tops of high ceilings, between the beams of the stairs and in so many ways that you can get to the far corners under the bed, beneath the radiator and other hard-to-get places.

It cuts down work in half. Don't get up with the old-fashioned hand mop when you can get an O-Cedar Polish Mop for only \$1.50. Satisfaction Guaranteed or Money Refunded. Try an O-Cedar Polish Mop for two days at our risk. That is, if you are not satisfied with it we will promptly return your money. FOR SALE BY BUCHAN & McNALLY

## THANKSGIVING DAY

(Continued from Page 5)

day afternoon, defeating England 2 goals to 1. The game was of great interest to local soccer enthusiasts from the fact that six of the Scottish team were members of the Andover United. It was expected that the Scottish forwards would sweep everything before them and that the defense would be the weakest part of the team. Except for the first fifteen minutes the Scottish forwards failed miserably, but in that time Black and Dougherty scored a goal apiece, enough to win. On the other hand, Munro, Rae and Falconer gave an exhibition of defensive playing in the second half that has never been equalled in this district. The English teams were almost continually in Scottish territory, but the brilliant work of the "Thistles" backs and goal keeper was too strong for the attack, and alone saved the game for their side. These players never wavered under a relentless fusillade of shots.

England scored in the first half on an easy low-bounding shot which Munro took too cheaply. It was his only mistake of the afternoon. There were 3500 spectators in attendance. Andover players were: Munro; Rae; Downs; Coleman; Dougherty; Page. A former Andover player, Alex Black of the U. S. M. C. team of Beverly, played for the Scottish side and did good work at centre forward. Butler was the best player on the English side and like his opposite, Downs, broke up many runs of the opposing forwards, especially in the second half. Scotland has won twice in succession.

## Observed 25th Anniversary

The following account from the Lowell Courier Citizen is of interest to Andover friends of Mr. and Mrs. Bennett.

"On Saturday evening, November 22, Mr. and Mrs. George E. Bennett celebrated their 25th wedding anniversary at their home in Andover street, North Tewksbury. Mrs. Blanche Fuller and Miss Evelyn Hardy, nieces of the couple, received with Mr. and Mrs. Bennett, as they did 25 years ago. They stood under an arch of evergreen and laurel, with a massive background of yellow and white chrysanthemums and fir trees. The ushers were William H. Bennett, Philip Hardy, Roy Hardy, and Barry Putnam.

"The pleasant part of the occasion was the presence of Mrs. Mary A. Bennett, 80 years old, mother of the 'bridegroom,' she having a place in the receiving line, and heartily enjoying the occasion.

"The dining room was tastefully decorated with pink carnations and evergreen. The D. L. Page Co. catered, assisted by Misses Edna S. Bennett, Maude M. Bennett, Rebecca Cameron, Harriet Silk, Leona Lougee and Lillian Lougee.

"There were about 250 relatives and friends present. Out-of-town guests were from Ayer, Newton, Newton, N. H., Malden, Andover, Reading, Stoneham, Billerica, Chelmsford, Westford and Lowell. The gifts were numerous and costly. A beautiful silver service of nine pieces was given by some of the neighbors, and hardly less noticeable were many large sets and single pieces of fine silverware, beautiful hand-painted china, pictures, jardiniere, cut glass, flowers and money. The young ladies in charge were Misses Frances Cameron and Clara Bailey.

"During the evening, Miss Cynthia E. Flint sang twice, and Miss Florence M. Mears read an anniversary poem."

#### WEDDINGS

##### DEYERMOND-CALDWELL

A. O. U. W. hall in the Barnard  
Block was the scene of a pretty wed-  
ding on Thanksgiving Eve, when  
Miss Janet Caldwell, daughter of  
Mr. and Mrs. Gilbert Caldwell, be-  
came the bride of William Deyer-  
mond, son of Mr. and Mrs. George  
Deyermund of this town. The cere-  
mony was performed by Rev. F. A.  
Wilson at 7.30 o'clock, in the pres-  
ence of about eighty relatives and  
friends of the young couple.

The bride was prettily gowned in  
white silk with white lace trim-  
mings. She wore a veil and carried a  
large bouquet of white chrysanthem-  
ums. She was attended by her sister,  
Miss Nancy Caldwell, whose  
gown was of peach-colored silk with  
a white lace overdress. She also car-  
ried chrysanthemums. The best man  
was Robert Deyermund, brother of  
the groom, while the ushers included  
a second brother, John Deyermund,  
and James Caldwell, brother of the  
bride.

Following the ceremony a wedding  
ceremony was served to the guests  
by Caterer Rhodes, during which Mr.  
and Mrs. Deyermund received the  
heartiest congratulations and best  
wishes of their friends.

Dancing was then enjoyed, with  
music by Williams' orchestra, and  
the company did not break up until  
a late hour. Guests were present  
from Andover, Lawrence, Beverly,  
Cambridge, Lynn, and Ludlow.

Mr. and Mrs. Deyermund left  
town on Thursday for a short wed-  
ding trip, after which they will take  
up their residence on North Main  
street. The groom is well known in  
Andover as a member of the Andover  
association football team, and was a  
recipient last Saturday of a hand-  
some silver service presented to him  
by his fellow players in honor of his  
marriage. He is employed by the  
Tyer Rubber Company.

##### SIMS-O'CONNELL

A quiet but pretty wedding was  
solemnized on Thanksgiving Day at  
St. Augustine's church, when at  
twelve o'clock noon, Miss May Wil-  
son O'Connell, second daughter of  
Mr. and Mrs. John O'Connell of  
Temple Place was married to Earl  
Kenneth Sims, a retired non-com-  
missioned officer in the United States  
Marines, formerly of Boston. The  
ceremony was performed by Rev. Fr.  
Riordan, pastor of St. Augustine's  
church, in the presence of the im-  
mediate relatives of the young couple.

The bride wore a becoming suit of  
plum-colored broadcloth with black  
velvet picture hat, and carried a bou-  
quet of white chrysanthemums. The  
bridesmaid was Miss Annie O'Con-  
nell, sister of the bride, who wore a  
brown suit with hat to match, and  
carried yellow chrysanthemums. The  
best man was Otis Gott of Kentucky,  
a fellow officer of the groom.

Following the ceremony the wed-  
ding party enjoyed a dinner served  
at the home of the bride, after which  
Mr. and Mrs. Sims left for New York  
where they will spend their honey-  
moon. On their return they will re-  
side in Boston.

The bride has many friends in An-  
dover, having resided here for sev-  
eral years. The groom, whose home  
is in Wisconsin, is at present em-  
ployed by a manufacturer of rubber  
goods in Watertown. The young  
couple were the recipients of many  
beautiful gifts from their relatives  
and friends, including silver, cut glass,  
and other articles. The groom's gift  
to the bride was a necklace of gold  
beads, while the bridesmaid received  
a handsome pendant, and the best  
man a pearl and sapphire stickpin.
